PRODUCT SPECIFICATION REPORT

ZEP STEAM 'N CLEAN™

Steam cleaner and stripper

DESCRIPTION

A concentrated, heavy-duty, liquid, steam cleaning and pressure washing compound. Contains alkalies and alkaline builders, detergents, emulsifiers, and an inhibitor to keep freshly cleaned parts from flash rusting.

FEATURES

- Heavy Duty
- Hard water tolerant
- Non-clogging
- Versatile
- Liquid concentrate

BENEFITS

- Rapidly dissolves and removes grease, dirt, and grime from ferrous metal surfaces. Also strips many types of industrial and machinery paints, as well as light rust.
- Performance is not affected by hard water
- Does not contribute to scale formation in heating coils.
- Steam 'N Clean may be used in hot vats, tanks and pressure washing equipment.
- Eliminates hazards such as dust and spattering associated with powdered products

*Not intended for use on aluminum or other soft metals.

APPLICATIONS

Zep Steam 'N Clean may be used to clean parts of iron, steel, stainless steel, and titanium. Use on engine parts from automobiles, trucks, marine equipment, etc. and on all types of industrial equipment and machinery. *Not for use on aluminum, galvanized or other soft metal.

STEAM 'N CLEAN™

HEAVY-DUTY LIQUID STEAM CLEANER

PROD. #0514
1099C

A heavy-duty steam cleaning compound, in convenient liquid form for use in steam cleaning and high-pressure equipment. Provides fast, effective removal of dirt, grease and baked-on soil. Strips many types of industrial and machinery paints. Minimizes scale formation in steam coils. Safe for use on all types of steam cleaners. Contains a special corrosion-retarding ingredient which retards flash rusting of cleaned surfaces. Formulated entirely with synthetic detergents. Completely free rinsing. For use in hard or soft water. Essentially odorless in use. Recommended for use on iron, steel, stainless steel, copper, magnesium, and titanium metals.

Zep advocates limiting exposure to all chemical products. Wear tight-fitting, splash-proof safety goggles during product use and when eye contact is possible, especially contact lens wearers. Wear nitrile, neoprene, natural rubber, or other resistant gloves and alkali-resistant footwear; also wear a face shield and rubber apron whenever splashing can occur. For spray applications, use product in well-ventilated areas only; open windows/doors and use exhaust fans. Remove contaminated clothing promptly and DO NOT rewear until thoroughly cleaned. After handling, wash hands thoroughly with soap and water.

DIRECTIONS:

NOT FOR USE ON ALUMINUM, GALVANIZED, OR PAINTED SURFACES. AVOID CONTACT WITH PAINT ON CARS OR TRUCKS.

For Medium-Duty Steam Cleaning: Dilute 2 to 6 ounces of ZEP STEAM 'N CLEAN per gallon of water and apply with steam cleaner. Rinse surface thoroughly with water.

For Paint Stripping and Heavy-Duty Steam Cleaning: Dilute 6 to 12 ounces of ZEP STEAM 'N CLEAN per gallon of water and apply with steam cleaner. Rinse surface thoroughly with water.

For High Pressure Washing: Dilute 2 to 4 ounces of ZEP STEAM 'N CLEAN per gallon of water and apply with pressure sprayer. Rinse surface thoroughly with water.

FIRST AID:

EYES: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately.

SKIN: Immediately flush contaminated skin with plenty of water for at least 15 minutes. Get medical attention immediately.

INHALATION: Move exposed person to fresh air at once. If irritation persists, get medical attention immediately.

INGESTION: If this product is swallowed, DO NOT induce vomiting. If affected person is conscious give plenty of water to drink. Get medical attention at once.

DISPOSAL AND/OR SPILL INFORMATION: As with all cleaning and maintenance procedures, run-off from the cleaning or maintenance process should be diverted to a collection vessel, or where permitted, to a sanitary sewer (consult local and state regulations) and not allowed to soak into the ground or to enter a storm sewer. If this product is spilled or contaminated and cannot be used, creating the need for disposal, absorb product on an inert absorbent material, such as Zep-O-Zorb or Zep Super Sorbent, and deposit in a clean, sealable D.O.T. specification container for disposal as a hazardous waste. Rinse area well with water.

STORAGE: Store tightly closed container in dry area at temperatures between 40°F (4°C) and 120°F (49°C).
