SPRALUSTER™

Hard surface cleaner

BEFORE USING THIS PRODUCT, PLEASE READ THE ENTIRE LABEL

Spraluster is designed to help eliminate soils on wood and metal surfaces caused by ordinary wear, stains and grime. Spraluster also care for your metal and wood finishes. Contains a special blend of cleaners and oils, including lemon oil, which is effective on a variety of surfaces including stainless steel, wood, and veneer.

- Spraluster will not build up on surfaces and leaves no residue if used properly.
- DIRECTIONS**
- Apply product to a soft, absorbent cloth to dampness.
 - Clean surface by transferring cleaner to surface from the cloth in an even, circular motion to thoroughly cover area.
 - Agitate (rub) as needed to loosen and remove soils.
 - For wood surfaces, rub with the grain to promote penetration.
 - Rub with a second soft, dry, absorbent cloth.
 - Keep spray away from fabrics, walls and carpeting. Do not use on floor surfaces. Do not overspray on floors.

DANGER! *
COMBUSTIBLE
CAUSES IRRITATION
HARMFUL OR FATAL IF SWALLOWED

Can cause eye and skin irritation. Inhalation of spray mists or vapors may cause respiratory tract irritation and/or central nervous system depression characterized by headache, dizziness, nausea, or stupor. DO NOT swallow this product. Avoid breathing vapors or spray mist. Exposure may aggravate existing skin or respiratory disorders. Further information on the effects of overexposure is included on the Material Safety Data Sheet, which is available upon request.

Zep advocates limiting exposure to all chemical products. Zep recommends wearing safety glasses during product use and handling. Wear natural rubber, nitrile, neoprene, or other resistant gloves. Use product in well-ventilated areas only; open windows/doors and use exhaust fans in enclosed spaces. Remove contaminated clothing promptly and DO NOT rewear until thoroughly cleaned. After handling, wash hands thoroughly with soap and water.

FIRST AID:
EYES: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately.

SKIN: Wash affected skin immediately and thoroughly with soap or mild detergent. Consult a physician if irritation develops.

INHALATION: Move exposed person to fresh air at once. If breathing has stopped, perform artificial respiration. Get medical attention immediately.

INGESTION: Aspiration hazard. If product is swallowed, DO NOT induce vomiting. If vomiting occurs, keep head below hips to prevent aspiration (breathing) of liquid into the lungs. Get emergency medical attention immediately.

DISPOSAL AND/OR SPILL INFORMATION: As with all cleaning and maintenance procedures, run-

off from the cleaning or maintenance process should be diverted to a collection vessel, and not allowed to soak into the ground or to enter a storm sewer. If this product is spilled or contaminated and cannot be used, creating the need for disposal, absorb product on an inert absorbent material, such as Zep-O-Zorb or Zep Super Sorbent, and deposit in a clean, sealable D.O.T. specification container for disposal as a hazardous waste. Thoroughly clean area with a detergent solution and rinse area well with water.

COMBUSTIBLE: Keep away from heat, spark, open flame or any source of ignition.
STORAGE: Store in a cool area away from direct sunlight at temperatures between 40°F (4°C) and 120°F (49°C). Keep container tightly closed at all times when not in use to decrease evaporation of volatile solvents.

**DANGER due to aspiration for low viscosity, high petroleum distillate products if accidentally swallowed. Under proper handling and use, this hazard is not anticipated. WARNING appropriate for other product hazards stated above.*

KEEP OUT OF REACH OF CHILDREN
