

PRODUCT SPECIFICATION REPORT

BIG JOHN II™ PORTABLE TOILET DEODORANT NON-FORMALDEHYDE

DESCRIPTION

A concentrated, non-formaldehyde liquid formulated to clean and deodorize portable toilets. Contains a unique blend of odor neutralizers and detergents.

FEATURES

- Non-formaldehyde
- Powerful odor control
- Intense blue dye
- Scale & scum protection
- Cleaning action
- Disposable

BENEFITS

- Can be used where formaldehyde is restricted or prohibited.
- Chemically neutralizes unpleasant odors, and leaves a pleasant fragrance.
- Utilizes an intense blue dye that effectively hides toilet waste solids.
- Detergents and water softening agents prevent the formation of scale and scum in hard water areas.
- Solutions can be used to clean, as well as deodorize, entire toilet facility.
Note: Due to dark blue color, use dilute solutions to clean, and then rinse promptly and completely to prevent staining.
- Completely biodegradable. Will not interfere with bacteriological action of sewage treatment plants or septic tanks.

APPLICATIONS

Use in portable toilets at construction sites, public parks, large public gatherings and in self-contained toilets in buses, boats, and recreational vehicles.

Amusement & Recreation Parks
Local Passenger Transportation

Building Contractors
Municipal Government

Federal & State Parks
Sanitary Services

BIG JOHN II™
PORTABLE TOILET DEODORANT • NON-FORMALDEHYDE
NEUTRALIZES OFFENSIVE ODORS • PLEASANT FRAGRANCE • ECONOMICAL

ZEP BIG JOHN II is a highly concentrated, liquid cleaner/deodorant specifically formulated for use in portable toilets. It is ideal for use at construction sites and large public gatherings, as well as on buses, boats, and recreational vehicles. Dilutes with water to form a cleaning solution that chemically counteracts odors at their source. Will not soften or damage rubber or plastic components. Water-based formulation provides rapid dispersion and maximum fire safety. Non-flammable and has no flash point. All surfactants used in the manufacture of this product are biodegradable. Will not inhibit bacterial action in sewage treatment plants.

DIRECTIONS:

Dilute 1 part ZEP BIG JOHN II in 128 parts (1 ounce/gallon) for the tank of toilet. Solutions can also be used to clean and deodorize entire toilet facility.

WARNING!

CAUSES SEVERE EYE IRRITATION

Can cause skin and severe eye irritation or corrosion. Inhalation of spray mists may cause respiratory tract irritation. DO NOT swallow this product. Exposure may aggravate existing skin or eye disorders. Further information on the effects of overexposure is included on the Material Safety Data Sheet which is available upon request.

Zep advocates limiting exposure to all chemical products. Wear tight-fitting, safety glasses during product use, especially contact lens wearers. Wear natural rubber, nitrile, neoprene, or other resistant gloves. Use product in well-ventilated areas only, open windows/doors and use exhaust fans in enclosed areas.

Remove contaminated clothing promptly and DO NOT rewear until thoroughly cleaned. After handling, wash hands thoroughly with soap and water.

FIRST AID:

EYES: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately.

SKIN: Immediately flush contaminated skin with plenty of water for at least 15 minutes. Get medical attention if irritation develops.

INHALATION: Move exposed person to fresh air. If irritation persists, get medical attention immediately.

INGESTION: If this product is swallowed, DO NOT induce vomiting. If vomiting occurs, keep head below hip level to prevent aspiration (breathing) of fluid into the lungs. If affected person is conscious give plenty of water to drink. Get medical attention at once.

DISPOSAL AND/OR SPILL INFORMATION: As with all cleaning and maintenance procedures, run-off from the cleaning or maintenance process should be diverted to a collection vessel or, where permitted, to a sanitary sewer and not allowed to soak into the ground or to enter a storm sewer. If this product is spilled or contaminated and cannot be used, creating the need for disposal, absorb product on an inert absorbent material, such as Zep-U-Zorb or Zep Super Sorbent, and deposit in a sealable container. Rinse area well with water.

STORAGE: Store tightly closed container in dry area at temperatures between 40°F (4°C) and 120°F (49°C). DO NOT store at temperatures below 32°F (0°C). Keep this product away from food and food products.
