

Purge III Metered Flying Insect Killer

Noticeable effectiveness within one hour after the dispenser has been activated.

Purge III Metered Flying Insect Killer is engineered for use in automatic metered dispensers. The dispenser automatically activates the special metered valve every 15 minutes. Within 24 hours the area is relatively free of house flies, mosquitoes, gnats, and small flying moths and with continued use reduces annoyance from them.

Benefits:

- Contains Pyrethrins, a botanical insecticide
