

RoachMax® Bait Stations

RoachMax Bait Stations invite roaches in for an irresistible quick snack, then kill them where they hide and breed.

Advanced formula kills both large and small roaches 24 hours a day where they hide and breed – behind your walls. Kills continuously up to 3 months. Contains 4 child-resistant bait stations with Abamectin, the active ingredient proven effective in eliminating even severe roach infestations. Unique clear-view design allows for easy visual inspection.

Benefits:

- Kills roaches 24 hours a day
- Kills roaches where they hide
- Roaches will begin eating the bait immediately
- Clear view bait station for easy inspection

ACTIVE INGREDIENTS:

Abamectin B10.05%

Applications:

For Use: In and around apartments and homes including, but not limited to: bathrooms, kitchens, counters, corners, under and around cabinets, sinks and near plumbing fixture.

Not for Use: Do not apply aerosol insect sprays or pump sprays onto the surface areas to be treated with roach bait stations. Insecticide sprays will repel roaches from feeding at bait station locations.
