

### A00358 Coil Cleaning Foam

Specialty  
Products

#### Features

- Nonflammable Alkaline Detergent Cleaner
- High pH Water-Based Formula
- Self-Rinsing Fast Break Foam
- High Foaming 360° Blasting Spray
- Safe for Most Plastics

#### Description

This high performance product is a heavy duty foam detergent coil cleaner in the convenience of an aerosol can. It is especially suited for use on most any coils such as window air conditioners, roof top HVAC units, auto radiators, small air cooled equipment, small condenser and evaporator coils, metal filters and fan blades. Nonflammable and water based, it contains no chlorinated solvents or ozone depleters. Equipped with a special 360 degree valve, this product can be sprayed in any position while the blasting stream easily reaches into tight areas. The aggressive alkaline detergent blend quickly and easily liquefies dirt, grease, oil, or other residue and deposits. Fortified with corrosion inhibitors to prevent metal degradation, the product will not harm drain pans and plastics. The clinging foam is completely self-rinsing on condensate producing coils. Simply spray on and condensation generated will wash away the emulsified material. The pleasant lemon fragrance helps leave surfaces not only cleaned but deodorized.

TECHNICAL INFO:		
Physical Properties	Appearance	Spray Foam
	Color	White
	Odor/Fragrance	Lemon
	pH	12.5-13.5
	Spray Pattern	Oval
Environmental Profile	Glycol Ether Content	Yes (P Series)
	Biodegradability	Yes (Surfactants)
	Chlorinated Solvents	No
	Green Status	None
	Recyclable Packaging	Yes
Regulatory Compliance	% VOC By Weight	10.0
	VOC Restricted Regions	None
	Food Processing Suitability	N/A
	EPA #	N/A
	Flammability per CPSC	NCAF
	NFPA Code 30B Storage Level	1
