FS FORMULA 940-E™

Liquid Steam Cleaner and Heavy-Duty Detergent

CONCENTRATED • POWERFUL • MULTI-PURPOSE

PROD. #243585
0118D

Zep® FS Formula 940-E™ is a concentrated liquid detergent formulation primarily for medium to heavy-duty steam cleaning, also effective in a wide variety of heavy-duty cleaning operations. It is especially recommended for use in canneries, dairies, bakeries, seafood processing plants, wineries, vegetable processing plants, bottling plants, red meat and poultry processors, institutional kitchens, breweries, supermarkets and egg processing plants and restaurants to clean equipment, such as scales, slicers, mixers, choppers, saws, dough blenders, vats, transfer lines, and conveyors.

Acceptable for use in federally inspected meat and poultry processing plants.

BIODEGRADABLE: All detergents used in the manufacture of this product are biodegradable.

DIRECTIONS:

This is a concentrated product, dilute as per directions prior to use. Hot water, if available, will enhance cleaning. The following dilution ratios are intended to provide guidance to the user and are not requirements for use. Appropriate dilution will vary depending upon a facility's specific parameters. Consult your Zep Sales Representative for further assistance if needed.

FOR STEAM CLEANING AND HIGH PRESSURE WASHING: Dilute FS Formula 940-E as suggested below depending on degree of soil; spray onto surface with steam cleaner and then rinse with hot water or steam.

HEAVY-DUTY: Dilute 1 part with 10 to 12 parts water.

MEDIUM DUTY: Dilute 1 part with 16 to 21 parts water.

LIGHT-DUTY: Dilute 1 part with 32 to 64 parts water.

FOAM CLEANING: Mix 1 part FS Formula 940-E with 10 to 15 parts water. Apply with air injection or tank type foamer. Allow to soak until foam begins to break. Scrub to remove stubborn soils and rinse thoroughly with high pressure hot water.

FOR SOAK TANKS (FERROUS METALS ONLY): Dilute 1 part FS Formula 940-E with 5 to 21 parts water. Heat solution in tank to 140° - 160°F. and let soak until soil is loosened. Remove and rinse with water.

FOR EQUIPMENT CLEANING (e.g. boning tables, cutting boards, conveyor belts, sausage grinders, blenders, pressing molds, etc.): Dilute 1 part FS Formula 940-E with 32 to 64 parts warm or hot water. Apply to surface with a sprayer, let soak 5 to 10 minutes and rinse with warm or hot water.

FOR CONCRETE FLOORS AND WALLS: Dilute 1 part FS Formula 940-E with 10 to 15 parts water. Mop or brush onto floor, allow to soak 3 to 5 minutes and rinse off or mop up.

Danger:

Causes severe skin burns and eye damage. **Prevention:** Wash skin thoroughly after handling. Wear protective gloves/ protective clothing/ eye protection/ face protection. **Response:** IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
