

# PRODUCT SPECIFICATION REPORT

A-One is a heavy duty, industrial, multi-purpose alkaline cleaner composed of wetting agents, emulsifiers, grease-dissolving solvents, as well as sequestering agents.

## A-ONE

Extra Heavy-Duty Industrial Cleaner.

PROD. #1269

### FEATURES/BENEFITS:

Versatile	Can be used on a variety of non-sealed resilient and non-resilient surfaces.
Non-Flammable Concentrate	A concentrated water-based formulation made to be diluted with water to provide various levels of cleaning and economy.
Industrial Floors	Works well on factory and plant concrete floors, walls, and pits removing heavy dirt and grease and suspending soils to allow free rinsing.
Multiple Application Methods	Can be applied as a low pressure spray, agitated with a floor machine, in automatic floor scrubbing equipment as well as floor brush and mop applications.
Low Foam	Low foam product makes it ideal for use in automatic floor machines and on floors in large warehouses and on plant floors.
Bleaching Cleaning Action	Suspends soils and brightens surfaces while removing tough dirt, salts and even light rust stains.
USDA Applicable	May be used as a floor and wall cleaner in all departments and as an all surface cleaner in inedible product processing areas, and / or exterior areas of federally inspected meat and poultry plants.

### APPLICATIONS:

A-One is useful in heavy duty industrial cleaning applications including fire and smoke damage; carbon and soot removal; concrete and masonry cleaning; industrial floors; brick, and ceramic tile cleaning; shower and bathroom mildew stains, and removal of road salt and ice melt residue. Test on painted surfaces prior to general use.

### COMPANION PRODUCTS:
