PRODUCT SPECIFICATION REPORT

A ready-to-use, high-gloss, fast drying, low VOC tire dressing for use in full service or exterior only car washes.

TIRELESS SHINE VOC

PROD. #2127

A Low Voc, Fast Drying, Tire Dressing

FEATURES/BENEFITS:

High Gloss	Provides a uniform, bright, long-lasting shine
Easy-to-Use	Simply spray, wipe or brush onto tire; allow to penetrate, then wipe off excess
Water Resistant	Resists water wash-off from the tires
VOC Compliant	Meets VOC regulations as a rubber protectant. Available for sale in all states as a tire dressing

NOTE: Product is extremely flammable and volatile, limit applications to tires only (not interiors) and eliminate all sources of ignition.

APPLICATIONS:

Use to dress tires after they have been cleaned at full service or exterior-only car washes. Use on clean tires. DO NOT use in paint shops (body shops) or other facilities where the presence of silicone may interfere with coatings. Recommended to car washes, truck washes, car dealerships, car rental agencies, motorcycle dealerships, tire shops, and service stations.
