

# PRODUCT SPECIFICATION REPORT

Zone Defense is a highly effective blend of petroleum and citrus terpene solvents that can be used to remove oil, grease, tar and other soils from a wide variety of surfaces.

## ZONE DEFENSE

*Non-Emulsifying Cleaner and Degreaser*

**PROD. #J328**

### FEATURES/BENEFITS:

Highly Effective	Removes oil, grease, tar and other soils from motors, parts, electric boxes and controls, equipment in the printing industry, as well as, refrigeration and air conditioning equipment.
Non-Butyl	Does not contain butyl, which has potential health effects.
Pleasant Odor	Zone Defense has a pleasant citrus fragrance that deodorizes as it cleans, which allows it to be used in a variety of work locations.
No HAPs	Contains no hazardous air pollutants, making it more environmentally preferable compared to some other types of solvents.
Non-Corrosive	This product will not cause rust or corrosion to metal.
CSD-1	Aircraft approval for exterior degreasing of planes.

### APPLICATIONS:

Zone Defense is particularly useful as a degreaser for parts washing, non-running motors and engines, electrical boxes and controls, printing equipment, power tools, electric fans, air filters, traffic signal boxes, generators, starters, office equipment, air conditioning equipment and refrigeration equipment.
