

PRODUCT SPECIFICATION REPORT

Zep 45 is an excellent, penetrating lubricant in a convenient aerosol form. It contains PTFE for added lubricity. For use on any surfaces that slip, slide, rub, roll, move, turn, twist, or pivot.

Zep 45™

PROD. #0174

Superior Penetrating Lubricant Aerosol

FEATURES/BENEFITS:

Provides Excellent Lubrication	An advanced formulation of specialized oils blended with micron-sized PTFE to provide superior lubrication
Long Lasting	Zep 45 dramatically reduces friction and provides a continuous wear-resistant film that lubricates and protects all moving parts
Penetrates Rapidly	Loosens parts that are frozen due to wear, corrosive action, or heavy build-up of grease or grime.
Defends Against Corrosion	Prolongs the useful working life of all machinery and reduces down time and maintenance cost
Non-Flammable	According to CSMA Flame Extension Test, Zep 45 is non-flammable, unlike many nationally advertised penetrating lubricants

APPLICATIONS:

Excellent for lubricating and protecting most equipment. Use Zep 45 before assembling equipment to speed up work and prevent future corrosion. For use in: Automatic Vending Machines, Lumber & Other Building Material Dealers, Repair Services, Hotels & Motels, Metal Fabricators, Sports & Recreation, Industrial Machinery Manufactures and Office Machines.

COMPANION PRODUCTS:

Stainless Steel Polish, Zep 40, Elec II Plus, Rust Remover, Cold Galvanize, Ironclad, Dyna 143, Big Orange, Soy Response(GreenLink)

SPECIFICATIONS:

Physical Form	Aerosol (oily liquid)
Color	Clear, Brown
Odor	Sweet (strong)
Shelf Life	1 Year Minimum
D.O.T Shipping	ORM-D
Flammability	Not Flammable by CSMA Flame Extension

PACKAGING:

20 fl. oz. can
