

# PRODUCT SPECIFICATION REPORT

Meter Mist™ Insect Killer II is a synergized pyrethrin insecticide for use where flying insects are a problem. For use in Meter Mist automatic dispensers.

## METER MIST™ INSECT KILLER II

PROD.#0188

Metered Aerosol Insecticide

### FEATURES/BENEFITS:

Effective	Formulated with synergized pyrethrins to kill gnats and small flying moths
Automatic	A single Meter Mist unit controls insects in rooms automatically, 24 hours a day, 365 days a year
Easy to Use	Automatic dispensing eliminates misuse
Broad Coverage	One unit controls odors in up to 6,000 cubic feet. Dispenses 3000 metered sprays which will control flying insects for a 30 day service cycle
Low Toxicity	Pyrethrins exhibit low toxicity to humans and animals and decompose quickly in the environment

### APPLICATIONS:

Meter Mist Insect Killer II can be automatically dispensed anywhere flying insects are an issue. For use in: food handling and food preparation areas of restaurants and food processing plants, stores, farms, dairies, barns, kennels, factories, hotels, motels, offices, ships, planes, (cargo area only), supermarkets food warehouses, bottling plants, homes, milk and egg handling areas of dairies and chicken houses.
