

PRODUCT SPECIFICATION REPORT

ZEP DYNAMO™

Circuit Board & Electrical Contact Cleaner

DESCRIPTION

Zep Dynamo is an electrical contact cleaner for use on circuit boards and electronic parts. This product quickly removes oil, grease, lint, flux, dirt, and moisture from electronics without leaving a residue.

FEATURES

- FAST EVAPORATION
- SAFE ON MOST SURFACES
- NON-RESIDUAL
- NO OZONE DEPLETING COMPOUNDS

BENEFITS

- Product is formulated with a fast-evaporating solvent which will dry any moisture on the parts and minimize downtime.
- Product is safe for use on all metals and most plastics (test surface before general use).
- Product will not leave a residue which allows for safer, quicker cleaning; no rinsing required.
- Product formulation does not contain ozone depleting compounds, CFC's, or HCFC's which are harmful to the environment.

APPLICATIONS

Turn off electrical equipment and circuits before using this product. Spray on surface to be cleaned.

Recommended for use on circuit boards, precision instruments, electric contacts & switches, timers & relays, tape heads, tuners, telephone equipment, etc.
