

PRODUCT SPECIFICATION REPORT

ZEPTEEN™ Self-Emulsifying Solvent Degreaser

DESCRIPTION

A heavy-duty, self-emulsifying degreaser, containing selected solvents and emulsifiers.

FEATURES

- Heavy-Duty
- Self-Emulsifying
- Dilutable
- Use on Most Metals
- Versatile
- Biodegradable

BENEFITS

- Rapidly penetrates and dissolves the heaviest deposit of grease, grime, oil, dirt, tar and fuel oil residues.
- Soils are emulsified and rinsed away with water.
- May be diluted with kerosene, mineral spirits, or No. 2 diesel fuel for greater economy.
- Contains no free acid or alkali. Can be used on any metal, including galvanized, aluminum, and magnesium.
- Apply with a brush or solvent resistant low-pressure sprayer. Low volatility makes it an excellent product for use in soak vats and mechanically or agitated tanks.
- Contains only biodegradable emulsifiers.

APPLICATIONS

Excellent for degreasing oil soaked floors, industrial equipment and grease racks in shops, garages, motor companies, engine rebuilders and reclaimers, industries, and construction sites. Particularly useful in:

Air Transportation Services
Automotive Repair Shops
Construction Equipment Dealers

Equipment Rental & Leasing Services
Farm Machinery & Equipment
Industrial Equipment Manufacturers
Marine Products

Motorcycle Dealers
New & Used Car Dealers
Service Stations
Warehouse & Storage Facilities

COMPANION PRODUCTS

Zep Vue RTU; Zep Split Equipment Cleaner, Zep Sweeping Compound; Zep Flash Light; Zep Z-Green; Zep Mops, Brooms and Brushes, Zep Trash Receptacles and Bags; Zep Paper Towels and Dispensers

SPECIFICATIONS

Physical FormThin, solvent-based liquid
ColorClear, amber
OdorSolvent
Shelf Life1 year minimum

Density/Specific Gravity.....7.40 lbs./gal. -0.89
D.O.T. Shipping.....None
Flash Point (TCC).....113°F (45°C)

PACKAGING

Gallons
Pails
Drums
