

## PRODUCT SPECIFICATION REPORT

# Sili-Free™ Water-Based, Non-Silicone Tire Dressing

### DESCRIPTION

A water-based emulsion product for protecting and beautifying a large variety of surfaces including vinyl, leather, rubber, wood, acrylics, Plexiglas, and plastics.

### FEATURES

- Non-silicone
- Beautifies
- Protects surfaces
- Safe to use
- Easy to apply
- Cost effective

### BENEFITS

- Ideal for use in areas where silicones are prohibited, such as paint and auto body shops.
- Penetrates and protects tire surfaces by imparting a delicate gloss.
- Protects surfaces from ozone, ultraviolet rays and oxygen that crack, dull, harden or rot materials.
- Water-based; contains no harmful solvents.
- Apply with sprayer, cloth or brush; allow to penetrate and wipe off excess.
- A little goes a very long way.

### APPLICATIONS

Apply to clean surfaces by spraying with a trigger sprayer or apply to cloth and then to the surface. Allow time to penetrate, then wipe off excess. For use on many surfaces beside tires, including vinyl, leather, rubber, wood, acrylics, Plexiglas and plastics. Not for use on floors or fabrics. Especially handy for:

# SILI-FREE™ Water-Based, Non-Silicone Tire Dressing

BEFORE USING THIS  
PRODUCT, PLEASE READ  
THIS ENTIRE LABEL.

PROD. #0654  
1095A

Zep Sili-Free penetrates and protects tire surfaces by imparting a delicate gloss. Protects surfaces from ozone, ultraviolet rays and oxygen that crack, dull, harden or rot material. Ideal for areas where the use of silicone is objectionable.

#### DIRECTIONS:

Apply to tire surface with sprayer, cloth, or brush. For highest possible gloss, allow Zep Sili-Free Tire Dressing to stand on the tire for a few minutes before wiping away excess treatment.

**NOTE:** It is necessary to remove excess dressing to prevent possible "spin off" from spotting the auto finish.

**CAUTION:** Zep advocates limiting exposure to all chemical products. DO NOT swallow this product. Zep strongly recommends wearing goggles or tight-fitting safety glasses, especially when wearing contact lenses. The use of rubber, neoprene, nitrile, or other resistant gloves is strongly recommended for prolonged use. Remove contaminated clothing promptly and DO NOT rewear until thoroughly cleaned. After handling, wash hands thoroughly with soap and water.

#### FIRST AID:

**EYES:** Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately.

**SKIN:** Flush contaminated skin with plenty of water. Consult a physician if irritation develops.

**INHALATION:** Move exposed person to fresh air. If irritation persists, get medical attention immediately.

**INGESTION:** If product is swallowed, DO NOT induce vomiting. If affected person is conscious, give plenty of water to drink. Get medical attention at once.

**DISPOSAL AND/OR SPILL INFORMATION:** As with all cleaning and maintenance procedures, run-off from the cleaning or maintenance process should be diverted to a collection vessel, or where permitted, to a sanitary sewer (consult local and state regulations) and not allowed to soak into the ground or to enter a storm sewer. If this product is spilled or contaminated and cannot be used, creating the need for disposal, absorb product on an inert absorbent material, such as Zep-O-Zorb or Zep Super Sorbent, and deposit in a sealable container. Rinse area well with water.

**STORAGE:** Keep this product away from food and food products. Store tightly-closed container in dry area at temperatures between 40°F (4°C) and 120°F (49°C).

**KEEP OUT OF REACH OF CHILDREN  
FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY  
NOT FOR HOUSEHOLD USE OR RESALE**

#### PRECAUTION

AL USUARIO: Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicado ampliamente. (TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you.)
