

PRODUCT SPECIFICATION REPORT

A foaming antimicrobial hand cleaner with quaternary ammonium chlorides (quat), designed to aid in elimination of cross contamination in food processing facilities, restaurants and other food service areas.

FS ANTIMICROBIAL FOAMING HAND CLEANER

PROD. #0996

Foaming Hand Soap

FEATURES/BENEFITS

Rich Foam	Generates excellent lather when worked on hands.
Mild	Contains emollients and conditioners for extra mildness to the skin.
Non-Irritating	Does not contain chlorine, often associated with irritation.
No Residual Odor	Chlorine and PCMX free.
Non-Staining	Iodine free.
Hard-Water Effective	It works in hard as well as in soft water.
Convenient	Containers fit in Zep dispensers for ease of use.
USDA Applicable	It is acceptable for use in federally-inspected meat and poultry processing plants as hand washing and sanitizing compound. (E2)

APPLICATIONS

FS Antimicrobial Foaming Hand Cleaner is an effective antimicrobial hand cleaner for use in federally inspected meat, poultry, rabbit, seafood, and eggs processing plants. Also use in restaurants or other food services areas.
