Alkaline Drain Opener

Open up drains in record time with the powerful heating action of this concentrated alkaline drain opener. Suitable for use in kitchen, bathroom and commercial drains, it works fast and minimizes maintenance time. Just apply to drain, let stand and flush with hot or cold water.

Benefits:

- Ready to use
- High pH, non-acid formula
- Works on the toughest clogs
- Ideal for both corrective and preventive maintenance

Applications:

- Hotels and motels
- Educational facilities
- Industrial facilities

Directions for Use:

DRAINS: Pour 2 to 4 oz. of product into clogged drain, avoiding contact with the enamel where possible. Allow to stand 10-15 minutes, and follow with additional portions until drain is completely unstopped. Flush surface of basin and allow quantities of water to flow through to flush loosened or liquefied residues. If product action becomes too vigorous, causing splashing, run cold water until the splashing stops.

LIFT STATIONS: Pour product directly into the lift station opening as close to the obstruction as possible. The amount to be used will depend upon the degree of stoppage or obstruction.

Base Code: R027
