Rapid Remover

Fast Evaporating Aerosol Solvent Degreaser

Industrial-strength degreaser that evaporates quickly and leaves no residue. Excellent alternative to 1,1,1 Trichloroethane, CFCs, methylene chloride or perchloroethylene. Non-corrosive to metals. Valve sprays in upright and inverted positions. Removes oil, grease, grime, lubricants and tar from electrical contacts, electric motors, machinery parts, electronic equipment and more.

Benefits:

- Quickly penetrates and removes soils from surfaces
- Evaporates completely, leaving no detectable residues on cleaned surfaces
- Designed with a special valve to allow use right-side up and upside-down without propellant loss
- Formulated without Ozone Depleting Compounds such as 1,1,1-trichloroethane or chlorofluorocarbons

Directions for Use:

For light soils, spray surface and wipe clean. For heavy deposits, saturate thoroughly and let stand 15 to 30 seconds. Flush with a second blast and wipe clean. For hard-to-reach areas, use the spout and extension tube provided. May also be sprayed upside down.

NOTE: Before restarting electric motors, or exposing cleaned parts to extreme heat or possible sources of ignition, solvent must be completely evaporated.

Applications:

- Automotive repair shops
- Electrical contractors
- Heating & air conditioning services
- Electric services
- Electronic computing equipment
- Textiles
- Fabricated metal products

Base Code: R119

Industrial Degreasers

Specifications:

Physical Form	Aerosol, thin liquid
Odor	Solvent
Propellent	Hydrocarbon
Can Size	20 fl. oz.
Specific Gravity	0.69
Storage Temperature	32°F-120°F
Shelf Life	1 year minimum
Flash Point (TCC)	<0°F
D.O.T. Shipping Label	ORM-D

Packaging Information:

SKU	Package Quantity	Weight (lbs)	Length (")	Height (")	Width (")
R11901	12-20oz cans/case	18	11.50	10.00	8.60

Safety:

Please make sure you have read and understand the product label and MSDS before using this product. MSDSs are available at www.zepprofessional.com. Avoid breathing vapors, spray or mists. Use only with adequate ventilation. Keep container closed. Wash thoroughly after handling. Wash contaminated clothing before reusing. Observe label precautions.
