Powerful Powder

Automatic Dishwashing Detergent

Concentrated, industrial-grade powdered detergent that dissolves grease, dirt and food particles. Helps remove stains from plastic and china dinnerware. Softens water while it cleans – preventing lime deposits. USDA authorized.

Benefits:

- Dissolves quickly and completely; generates no foam
• Cuts and removes dried on food, grease, oil and other food soils from china, plasticware, glasses, cutlery, pots and pans, etc.
• Heavily stained items should be pre-soaked for best results
• Contains only biodegradable detergents

Applications:

- Authorized for use as a general surface cleaner for all departments of federally inspected meat and poultry plants
• Restaurants • Cafeterias • Kitchens
• Hotels/motels • Hospitals • Nursing homes

Note: Not for use with aluminum or copper.

Directions for Use:

For Use in Homestyle Dishwasher:

Use 1/2 to 1 ounce Automatic Dishwashing Detergent per load (1 to 2 tablespoons). Amount may need to be increased in areas with hard water.

For Use as a Presoak:

Product may be used as a presoak to remove stains from plastic & china. Add 4 to 6 ounces of Automatic Dishwashing Detergent per gallon of hot water. Soak up to one hour, and then wash as usual. Do not soak aluminum or silver dishes or utensils in solution.
