Brake & Parts Cleaner Aerosol

This easy-to-use aerosol effectively removes oil, grease, brake fluid and other soils from brake parts. Contains no chlorinated hydrocarbons.

Benefits:

- Convenient aerosol formulation
• Quickly removes soil from brake parts
• No chlorinated hydrocarbons

Applications:

- Automotive repair shops
• Motorcycle dealers
• New & used car dealers
• Passenger car rental & leasing
• Service stations
• Truck rental & leasing

Directions for Use:

Appropriate respiratory protection should be worn when spraying to avoid breathing brake dust and product vapors. Spray brake parts liberally to the point of run off. Catch run-off in container for proper disposal. Wipe with clean cloth or allow to air dry. Repeat if necessary. Avoid repeated use on rubber parts.

Base Code: R190

Companion Products:

Table with 2 columns: Product Name and Base Code. Includes Parts Washer Solvent (R198), Electrical Contact Cleaner (R108), and Utility Degreaser (R201).
