

PRODUCT SPECIFICATION REPORT

F U Z I O N

supporting healthy hands

Alcohol Sanitizer Spray is an alcohol based hand sanitizer recommended to help prevent cross contamination of microorganisms in food handling facilities.

ALCOHOL SANITIZER SPRAY

Hand Sanitizer for Food Processing Facilities

PROD. #1357

FEATURES/BENEFITS:

Controls Microorganisms	Eliminates or significantly reduces resident and transient microorganisms on bare or gloved hands
Conforms to E-3 Food Safety & Inspection Service Standards	Quickly and completely evaporates from the skin leaving no residue; hands need not be rinsed following use of the product
Mild	Can be used repeatedly throughout the day without irritation
Environmentally Preferable	This product is formulated without phosphates, butyl, or APE surfactants and all the detergents and emulsifiers are readily biodegradable
Convenient Dispenser	Packaged to be dispensed through our thoughtfully designed Fuzion Dispenser

APPLICATIONS:

Alcohol Sanitizer Spray is used as a supplement to regular hand washing. It is ideally suited for use in: food processing, food service, health care facilities, municipalities, lodgings, emergency service vehicles, police departments, fire departments and portable sanitation units.
